Many Paths One Truth: Edgar Cayce on
the Evolution of Consciousness and the Journey of the Soul

featuring Peter Woodbury

Have you ever walked into the middle of a movie and been disoriented about the story? That is our experience today as we "walk into the middle of the movie" of our soul's journey. This program is designed to give the whole story and where you are now in the great journey — and then give you powerful concepts and methods for making the most of your life now, today for a better tomorrow.

Peter Woodbury brings you Edgar Cayce's wisdom and guidance like few can, presenting Cayce's story of our souls and how to live using the full potential of your mind.

- Learn how your thoughts affect who you "think" you are and how you may change that for the better.
- Learn how to awaken to the God pattern that lies silently within you to enhance your life today, now!
- Learn the legendary story behind who we really are and what life is truly about from the Cayce readings.
- Get a better sense of the context within which we experience our emotions, thoughts, and desires.
- See the affects of karma and the opportunities for grace in our lives.

Edgar Cayce tells a story of our creation as souls and our soul development through multiple levels of consciousness and a "universe of worlds". Our particular soul journey has brought us to earth to learn the unique lessons of this three dimensional realm of consciousness. Our ultimate soul destiny is to return to oneness with our Creator. In this lecture, you will be led through the soul's journey in consciousness towards a deeper understanding of the purpose and mission of creation & the soul.
